

# Acing the JOB INTERVIEW

- IT'S A -  
**MONEY  
THING**<sup>®</sup>

## PREPARATION IS KEY

**Job interviews are stressful when you're under-prepared.** Make sure you have all the bases covered by reviewing the quick tips below!

### ACE WHAT YOU WEAR

- ✓ Try on your interview outfit ahead of time (especially if it's been a while) to make sure you can move and sit comfortably in it
- ✓ When in doubt, dress it up—it's better to appear slightly overdressed than to appear too casual
- ✓ The (subtle) use of color and accessories can show some personality while maintaining professionalism

### ACE WHAT YOU KNOW

- ✓ Be creative in your research—check out press releases, blogs and social media channels, as well as the company website
- ✗ Don't overdo the social media stalking—the interview is not a time to comment on your interviewer's personal photos or status updates
- ✓ Study your own career experiences and how they relate to your desired position

### ACE WHAT YOU BRING

- ✗ Your interviewer isn't looking for your life story—if your resumé resembles a biographical epic, you need to edit it down
- ✓ Bring extra copies of your resumé as well as a list of references (even if you weren't asked to)
- ✗ Eliminate the potential for embarrassing moments—silence your phone well before the interview and don't bring anything that can spill

### ACE WHAT YOU SAY

- ✓ Practice answering common interview questions out loud and preferably with a friend
- ✓ Taking a drop-in improv or public speaking class is great way to boost your communication skills
- ✓ Posture exercises will improve your posture and help you maintain confident body language during your interview
